## About IMZ Corporate

IMZ is a new-age IoT tech company that offers holistic remote asset, fleet, and enterprise management. Understanding the utmost importance of asset security, safe transit, enterprise data, and manpower management, IMZ develops cutting edge hardware, software, and solutions through IoT, Big Data, and A.I. rendering an all-integrated and end-to-end management and monitoring system.

**Zimyo**

# Triggers for Change

IMZ Corporate initiated a thorough evaluation of HRMS solutions to replace their existing vendor. This decision was prompted by the need for a more efficient and effective HR management system.

Charu, along with her capable HR team, was entrusted with the pivotal task of identifying the most suitable HRMS solution. Their mission was to ensure that the chosen system could seamlessly integrate with IMZ's HR processes and cater to their unique requirements.

IMZ corporate embarked on an exhaustive market analysis, meticulously examining various HRMS solutions available. This process aimed to identify a solution that not only addressed their immediate needs but also aligned with their long-term strategic objectives.

After a comprehensive assessment, IMZ made the strategic decision to partner with Zimyo as their preferred HRMS solution provider. Zimyo's capabilities aligned perfectly with IMZ's vision for streamlined HR processes and employee management.

# Challenges with Previous Vendor

IMZ faced several challenges with their previous HRMS vendor, which ultimately prompted them to seek a more suitable solution:

## Drastic Increase in Costs

The vendor raised prices significantly, making their services less affordable for IMZ.

## Delay in Customer Support

IMZ experienced prolonged response times from the customer support team, hindering timely issue resolution.

## Software Bugs and Functionality Issues

The previous HRMS system was plagued by multiple bugs and functional problems, compromising its reliability and efficiency.

# Why IMZ Choose **Zimyo** as Preferred HRMS Partner

IMZ's decision to partner with Zimyo was motivated by several key factors:

## Easily Configurable Leave Policies

Zimyo's HRMS offered the flexibility to configure leave policies to align with IMZ's unique requirements.

## Integrated Attendance & Payroll System

The seamless integration of attendance and payroll processes ensured transparency and timely disbursement of salaries.

## Seamless Payroll Processing

Zimyo provided an efficient payroll processing system that simplified and expedited salary disbursements.

## Prompt Customer Support

Zimyo's responsive customer support team ensured that IMZ received timely assistance and issue resolution.

## Intuitive UI and UX Design

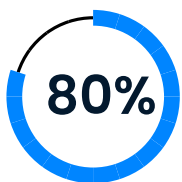

Zimyo's user-friendly interface and intuitive user experience design made it accessible and easy to adopt for IMZ employees.

# Impact Created

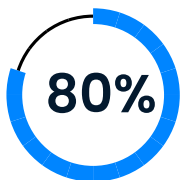

IMZ faced several challenges with their previous HRMS vendor, which ultimately prompted them to seek a more suitable solution:

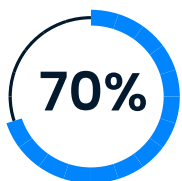

**20 hrs** of time saved in payroll processing

**80%** of HR processes have been automated

**80%** of employees adopted the system within 2 months of implementation

**70%** reduction in attendance and leave errors

*Zimyo has truly transformed the way we manage HR tasks. The comprehensive range of HR reports available in the system is incredibly convenient. We can effortlessly generate tailored reports to meet our specific needs with just a few clicks. Moreover, the customer support team has consistently impressed us with their prompt and dedicated assistance.*

*Whenever we have a query, the CS team ensures swift resolution and exceptional service.*
